Aguas residuales municipales y economía circular

	Título	ID	País
1	Influencia del desempeño de un UASB sobre las propiedades espectrométricas de la materia orgánica disuelta Mier Quiroga Miroslava, Esparza Soto Mario, Lucero Chávez Mercedes, Alcaraz Ibarra Sergio	4905683	México
2	Esgotamento sanitário em pequenas comunidades: Gestão dos sistemas UASB, um estudo de caso no município de Catuti em Minas Gerais Barra Bárbara, Sant'Anna Jessica A.A.S., Mesquita Tayane C. R., Rosa André P., Gomes Uende A. F.	4953559	Brasil
3	Improvement of wastewater treatment for agricultural reuse in through a system consisting of sedimentation basin and horizontal submerged flow constructed wetland, in the technopole area of Dakar, Senegal Bop Dame, Sorlini Sabrina, Gueye Omar, Fondra Laura, Gueye Mouhamadou T.	4898204	Senegal
4	Methanogenic potential and organic matter removal of anaerobic reactors treating sanitary sewage containing triclosan and propranolol Granatto Caroline F., Liani Jennifer, de Oliveira Ana Flávia, Grosseli Guilherme M., Fadini Pedro S., Varesche Maria Bernadete A.	4940997	Brasil
5	Influência da adição de micronutrientes e vitaminas na digestão anaeróbia Lima Brenno V. M., Freitas Gabriela P., Volpi Maria P. C., Moraes Bruna S.	4905977	Brasil
6	Evaluation of internal and external temperatures in a covered lagoon biodigester by using different thermal zones Lopes Juciara O., Sousa Izabelle P., Maradini Priscila S., Rosa André P., Carlo Joyce C., Borges Alisson C.	4957912	Brasil
7	Evaluation of the resource recovery in aerobic granular sludge systems in the treatment of low-strength domestic sewage Rollemberg Silvio L. S., Barros Amanda N., Oliveira Lorayne Q., Ferreira Tasso J. T., Lima João P. M., Santos Amanda F., Firmino Paulo I. M., dos Santos André B.	4950582	Brasil
8	Effect of fly ash addition on the anaerobic digestion of winery wastewater: Specific methane production and kinetic analysis Lauzurique Guerra Yeney, Castillo Reyes Alejandra, Salazar González Ricardo, García Mena Verónica, Huiliñir Curío César	4905625	Chile
9	Feasibility to scale-up textile wastewater treatment technologies: A methodology analysis Silva Ana, Amaral Fernanda M., Gavazza Sávia, Fernandes Bruna S.	4953904	Brasil
10	Anaerobic digestion of micro algae: Outcomes, opportunities and obstructions Ahmad Imran, Abdullah Norhayati, Koji Iwamoto, Yuzir Ali, Mohamad Shaza Eva	4958498	Malasia
11	Circular economy and biogas plants: The game changers in the waste management sector in Latin America and the Caribbean Maldonado Velázquez Ángel, Peña Muñoz Kristy, Solís Castillo Grecia Carolina	4905661	Alemania
12	Incremento de la sustentabilidad del tratamiento anaerobio de lodos de plantas de tratamiento de agua en América Latina desde una perspectiva de análisis ciclo de vida Dassonville Valencia Jonatan, Furness Madeleine, Bello Mendoza Ricardo, Chamy Maggy Rolando	4953615	Chile
13	Scale up of a marine sediment microbial fuel cells stack with a novel aerated cathode González Gamboa Nancy, Kumar Sathish, Valdés David, Alzate Gaviria Liliana	4949124	México
14	Toward high value-added products from anaerobically digesting toilet paper and food waste in domestic sewage Palma Gomes Devson Paulo, do Nascimento Nunes Rebeca, Gavazza Sávia, Fernandes Bruna	4951043	Brasil
